

Acciona battery station Suriname

How does Acciona's battery station service work?

ACCIONA's battery station service makes it possible to buy a Silence motorcycle without the need to purchase the electric battery that powers it, reducing the cost of acquiring the vehicle by nearly 40%. This system allows customers to have a monthly battery subscription.

How many battery swap stations will Acciona have in Spain?

ACCIONA's network of battery swap stations for Silence vehicles will have 100 charging stations in the main Spanish cities by the end of the year, with more than 1,000 battery swap units. The accelerated deployment of battery stations for Silence vehicles is due to the brand's leadership in Spain for four years in a row.

How does Acciona work?

When the driver detects a low charge level, he can use the ACCIONA Battery Station app to locate the nearest swap station and reserve a battery. Once he arrives there, he deposits the battery at an available charging point to take out another fully charged battery.

What is Acciona refueling system?

This system, exclusive to ACCIONA, allows the traditional refueling experience to be replicated through the exchange of depleted batteries for charged ones in less than 30 seconds. The company will have 160 stations with 1,600 battery exchange points in Spain before the end of the year.

There are currently about 140 battery stations in Spain, the head of Acciona's mobility business, Carlos Sotelo, said, adding the company was targeting more than 200 by the end of the year.

At ACCIONA Energía, we offer 100% clean electricity supply and a professionalized self-consumption model. The low-emission and cost-efficient electric charging service is an added value for corporate clients in transport logistics and in their commitment to sustainability," says Belín Linares, ACCIONA Energía's Director of Innovation.
