

Equatorial Guinea exhibits low-range performance across all categories of the Global State of Democracy framework, and it falls among the bottom 25 per cent of countries with regard to all factors except for Freedom of Religion, Direct Democracy, and Electoral Participation. Over the last five years, Equatorial Guinea has not experienced any notable advances or declines.

The first inhabitants of the region that is now Equatorial Guinea are believed to have been Pygmies, of whom only isolated pockets remain in northern Río Muni. Bantu migrations between the 17th and 19th centuries brought the coastal groups and later the Fang. Elements of the latter may have generated the Bubi, who emigrated to Bakugan from Cameroon and Río Muni in ...
