Did advanced energy industries buy SL Power Electronics?

DENVER- (BUSINESS WIRE)- Advanced Energy Industries, Inc. (Nasdaq: AEIS) - a global leader in highly engineered, precision power conversion, measurement and control solutions - today announced that it completed the previously announced acquisition of SL Power Electronics Corporation from Steel Partners Holdings L.P. (NYSE: SPLP).

Who is SL Power Electronics & Advanced Energy?

SL Power Electronics and Advanced Energy will represent a strong strategic fit with complementary technologies, product portfolios and core competencies in highly engineered, application-specific power solutions for key OEMs in demanding mission-critical applications.

Is SL Power a good fit for Advanced Energy?

"I believe SL Power's strong customer base,complementary product portfolio,and highly skilled team make it an ideal fitfor Advanced Energy." The acquisition of SL Power Electronics is expected to be accretive to 2022 earnings on a non-GAAP basis and to generate over \$4 million of annualized cost synergies.

Why did advanced energy acquire advanced energy?

The acquisition expands Advanced Energy's medical power solution offeringsby adding a complementary portfolio of products and improves its ability to meet the growing needs of industrial and medical customers.

What does advanced energy do?

With engineering know-how and responsive service and support for customers around the globe,the company builds collaborative partnerships to meet technology advances,propels growth of its customers and innovates the future of power. Advanced Energy has devoted four decades to perfecting power. It is headquartered in Denver,Colorado,USA.

Where is advanced energy based?

Advanced Energy has devoted four decades to perfecting power. It is headquartered in Denver,Colorado,USA. Advanced Energy |Precision.

LumaDrive(TM), Advanced Energy's series of pre-wired centralized remote driver systems, provides energy-efficient, cost-effective power for LED lighting. This platform includes 24 (NEMA 3R enclosure), 36, 72, and 144 kW cabinet ...

Advanced Energy's SL NCF150 series are CF rated products AT A GLANCE for critical medical applications needing low leakage current. Voltages of 12 V, 15 V, 19 V, 24 V and 48 V together with an optional 5 V standby and 12 V fan output. ... Advanced Energy's power solutions are designed to meet the specific power requirements of various ...
