

Is Sunova solar a subsidiary of thornova solar?

Chinese photovoltaic and energy storage solutions supplier Sunova Solar Technology Co Ltd announced on Thursday that it will unite with Thornova Solar, its sister brand used in North America and Mexico, and move forward with a new name. Solar cells. Author: Jeff Kubina. License: Creative Commons, Attribution-ShareAlike 2.0 Generic

Who is thornova solar?

Thornova Solar is a U.S.-based solar company that offers high-performance solar modules for the utility, commercial and residential solar markets in North America.

Does anyone have experience with thornova solar panels?

Seems to be newer in the industry and some installers are recommending, but there is very little information for reviews, it seems. Parent company is Sunova.

What happened to thornova solar?

With this in mind, we have decided to move past the Sunova Solar brand and continue our future as Thornova Solar. Our latest high-density PV panels stand for exceptional electricity production and are used in applications ranging from floating solar systems to lowlands and alpine altitudes.

Is thornova solar a Chinese company?

The company is a subsidiary of China-based manufacturer Sunova Solar and is currently planning a cell and module factory at an unspecified location in the United States. Thornova Solar, the US unit of Chinese PV manufacturer Sunova Solar, has launched a new bifacial TOPCon PV module for applications in large scale solar projects.

Why are Sunova solar & thornova solar co-existing?

In the coming months, our two brands --Sunova Solar and Thornova Solar-- will co-exist in our corporate communications as a reminder of our origins, an expression of our development, and a confirmation of our commitment to our customers to provide the on-going best technical support.
