Solar energy offers a sustainable, renewable, and abundant power source for the island of Guam. Solar power  
is mainstream, and with a Federal Tax Credit of 30%, the time is now to invest in a solar system that will  
lower your power bills, increase the value of your home, and reduce greenhouse gas emissions.

While the Guam Contractors License Board voted last September to issue a \$25.5 million fine against  
Samsung E& C America Inc., the contractor for the controversial solar farm project in Mangilao,
