SolarBW is the leading solar power energy company in Botswana and South Africa that distributes Victron Energy products, Freedom Won Lithium Iron Batteries and high quality solar panels.

The Yeti 400 comes with a charger that allows you to plug in to a standard 110 power outlet. If you purchase the panels that are manufactured by them you can just plug them into the generator and start recharging your unit. If you already have solar panels or don't mind having panels that are more rigid and less transportable than you can purchase an adapter ...

o Expandable capacity: 2-6kWh expandable capacity to fit your energy storage needs. Add up to two DELTA 2 Max Smart Extra Batteries to hit a capacity of 6144Wh. Ideal for home backup, RVing, outdoors or even everyday use. o ...

Solar generators are available as both portable generators and backup home generators. Most solar generators are portable, lightweight, and have a built-in handle. The best portable solar generators are used to provide power for construction sites, campers, events, or other settings where access to electricity is limited.

When charging DELTA Pro and its extra battery together, you can reach 6500W max charging speeds by combining AC, solar and Smart Generator methods. For DELTA Pro single unit, you can recharge it at standard wall outlets (2900W max), at EV station (3400W max)/Smart Home Panel (3000W max).

### 1. Uncompromising Reliability

We also tested the much lighter Suaoki 150Wh generator - it's solar-powered like its older brother. Surprisingly enough, both look so different it's hard to tell they're from the same stable.. But in terms of overall performance, the 400Wh Suaoki generator is streets ahead.. Keep in mind this solar battery comes without solar panels. Add this in when you're considering ...
