A French cuisine boulangerie in Bangui. Bangui is the capital of the Central African Republic, and the staple diet of the people there includes cassava, rice, squash, pumpkins and plantains (served with a sauce) and grilled meat. Okra or gombo is a popular vegetable. Peanuts and peanut butter are widely used. Game is popular, as are the fish-based dishes such as mabok&#233;. [8]

South Africa, the undisputed African solar leader. With an estimated 7,781 MW of solar (not including residential installations) by the end of 2023, the country hosts almost 50% of all installed capacity in the continent and is by far the leading country for solar in Africa. This domination is true for both historical installations as well as for 2023 activity.
