This project will construct an initial 36MWp solar PV plant in Djermaya, 30km north of Chad's capital, N'Djamena. Development of Djermaya Solar will be phased to gradually integrate renewable power into Chad's national grid. The first 36MWp phase secured financing in 2021. This will be followed by a second 24MWp phase.

Convult Energy has partnered with Chad's Ministry of Water and Energy to build three community solar plants in Lai, Bongor, and Moundou, delivering 3 MW of solar power and 1.5 MWh of battery storage. These projects aim to strengthen Chad's energy production capabilities and meet the growing demand for electricity.

Solar Products Distributors Distributors are those companies working as big warehouses that served as the middlemen between the consumer/customer and the manufacturer. Typically, in distribution, a company is handling the sourcing, stocking and logistics but nowadays they are also helping manufacturers in product designing and solving other business conflicts. Aside ...
