Csg solar panels Saint Helena

MD: 1.3 GWh #5270

The grid-tie system is more cost-efficient than other solar systems because it omits the expense of having to buy a battery back up system, or building a solar system for off-grid purposes. Additionally, solar power systems for residential or commercial properties are virtually maintenance-free.

On 12 August 2014, ExCo agreed to the allocation of £1m of extra funding to build a new solar farm for electricity generation on St Helena. The new funding has been identified specifically to support only renewable energy projects, and must be spent in this financial year, 2014/15. ExCo was very supportive of this proposal as solar generated electricity [...]
