

Empower energy solutions Ivory Coast

Does Ivory Coast engage with private energy companies?

Ivory Coast's engagement with private energy companies is not unique to the region. In fact, public-private partnerships are common across West Africa as they are equally popular with governments and private companies.

Why is AMEA power supporting Ivory Coast?

Hussain Al Nowais, Chairman of AMEA Power, said: "AMEA Power is proud to be supporting Ivory Coast meet its clean energy ambitions, which will deliver investment, job creation and sustainable development.

Where is the first solar power project in Ivory Coast?

The project will be the first solar Independent Power Project (IPP) in Ivory Coast and will be located at the city of Bondoukou in the north-eastern region of Gontougo, located 420 km northeast of Abidjan.

Will Ivory Coast achieve universal energy access by 2025?

With the 2030 Energy Plan identifying 66 projects that will require private investment, the door is open for new private partners to stake their claim. Ivory Coast aims to achieve universal energy access by 2025 and triple its generation capacity by 2030.

Do Ivorians have access to energy?

Three in five Ivorians have access to energy, but there is a vast discrepancy between urban dwellers (80%) and rural citizens (37%), with the rural north even less connected than their southern compatriots. With almost half of the country below the poverty line, the high upfront connection costs to the national grid remain prohibitive for many.

Is Ivory Coast a good place to live?

Ivory Coast is on an economic roll: since 2011, GDP growth has averaged 8% per year making it not just one of the most dynamic countries in sub-Saharan Africa, but the world. With the economy and energy demand booming, the Ivorian government has put the energy sector at the top of its agenda.
