Special Note on Travel Documents /Visas: All travel and lodging requirements necessary for the participants to attend these courses are the responsibility of the participant. Enercon can only offer assistance in the form of embassy letters to participants to courses being held in the United States.

Does Enercon offer embassy assistance?

Enercon can only offer assistance in the form of embassy letters to participants to courses being held in the United States. Participants are responsible for identifying and obtaining all visas and other related travel documents necessary to travel to the course locations.

SIT Group può facilmente rispondere alle più diverse esigenze con la massima qualità di stampa. Investiamo costantemente nelle migliori dotazioni tecnologiche presenti sul mercato per garantire ad ogni cliente la soluzione perfetta per ogni esigenza.

The M3169 is a military AC to DC power supply. This rugged converter accepts an AC input range from 85 to 265VAC, 50/60/400Hz. It provides a single DC output from 3.3V to 300V, up to 1000W with custom outputs available. The M3169 is based on the popular M169 AC to DC Power Supply for airborne, UAVs and ground mobile applications. Designed as an IP67 unit (to withstand ...

The MILTECH 9022 is a rugged, MIL-STD 1U rack-mountable Layer 2 Ethernet switch with dynamic routing supporting 12 X 10/100/1000Mbps ports and 4 X 1G/10G fiber ports. Designed for MIL-STD-810F, MIL-STD-461E, MIL-STD ...

Enercon Group is an engineering company whose purpose is to offer comprehensive and high quality engineering solutions. With energy management currently being at its all time high globally, our primary focus is geared towards sustainable and responsible growth. We aim to provide optimized energy systems solutions that deliver on modern ...

ENERCON Group WE SUPPLY ADVANCED WATERPROOFING AND ENERGY CONSERVATION SOLUTIONS ENERCON Group ENERCON emerged with the foresight and passion of bridging technological gaps through unique and innovative products. Dedicatedly advancing industrial technologies, we, at ENERCON, are recognized as specialized solution ...

The M4012 is a rugged, highly efficient, military grade 3U VPX 28V DC to DC PSU card that provides six outputs per VITA 62 and is capable of delivering up to 350W of output power with 9-15 Joules of holdup for MIL-HDBK-704-8, LDC201 requirements. Features include: conduction cooling, reverse battery protection, internal EMI filters. The DC input range is 18-50V per MIL ...

M9547 series is a 16-channel power distribution unit, designed for airborne and ground applications. It distributes 28VDC through overload and short-circuit protected switches. The M9547 series supports Ethernet communication to control, configure and ...

Founded in 1980, Enercon Group, Inc. provides the petroleum and maritime industries with a full range of consulting, technical and training services around the world. Whether you are a major oil company, ship owner / operator or a ...

Dedicately advancing industrial technologies, we, at ENERCON, are recognized as specialized solution provider. Specializing in waterproofing, energy and sustainability, we collaborate with clients, to design and supply solutions to cut ...

SIT Group. La storia del Gruppo SIT comincia nel 1971 dalla societ  SIT s.a. (societ ; anonima). Ma le nostre radici affondano ancora pi ; indietro nel tempo, nel 1967, quando a San Marino apre i battenti il laboratorio artigianale ...

The M4094 is a 3U form factor VPX DC-DC power supply that converts power from the MIL-STD-704 270Vdc bus to deliver the 12Vdc and 3.3VAUX supplies required by SOSA(TM)-aligned systems. Up to 800W output power and EMI filters included. Using the new VITA 62.2 connector system, the proper clearances are provided to avert creepage issues and corona at high ...

M1012 is a military grade rugged 1.25kW/1.5kVA full double conversion on-line 1U UPS. It has internal modular design, which allows it to be easily tailored to almost any customer requirement, while delivering stable, regulated and protected output voltage for the load. Several UPS units can be connected in parallel to support higher loads (up to 6 units for 7.5kW/9kVA total), or in 3 ...

Founded in 1980, Enercon Group, Inc. provides the petroleum and maritime industries with a full range of consulting, technical and training services around the world. Whether you are a major oil company, ship owner / operator or a small business owner, finding the expert services you need is essential to meeting your business objectives. At Enercon Group, Inc. we have the knowledge ...

The M9538 is a 100A eight channel power distribution unit, PDU. Each channel of the PDU contains a solid state circuit breaker that is fully programmable for trip current limits, on/off control, channel sequencing, BIT, voltage and current telemetry. The M9538 input range is nominally 28V but can support between 6 to 33V and is designed to meet MIL-STD-1275, MIL-STD-461 and ...

Enercon group San Marino

Schedule Updated December 6, 2024 . Note: 1 Fees are in USD payable to Enercon Group, Inc. prior to the start of the respective course. If paying on the first day an additional \$100 will apply. 2 For courses held in-person/face-to-face the city is shown -- please see program venue at the bottom of this page for location details.. 3 Special mini-sessions can be taken as published or ...

The MILTECH 918 is an 8 port ethernet switch which can be remotely managed to deliver Layer 2 switching to optimize on-vehicle communications traffic prioritization between IP-based devices such as communication and navigation systems, sensors, video cameras and targeting systems.

The MILTECH 9012 is a member of the MILTECH 9012 family that offers flexible alternatives for LAN, LAN/WAN, and customizable networking. All family members are MIL-STD, fully managed, and military grade, with 12 triple-speed (10/100/1000Mbps) ports. The MILTECH 9012 is a unique combination of both a Layer 2 Ethernet switch and a Layer 3 Ethernet router.

Enercon Group, Inc. (Enercon) has been providing consulting, technical and training services to the petroleum and maritime industries around the world since 1980. Enercon's real world ...

Iscritta nel Pubblico Registro delle Societ  della Repubblica di San Marino il 26/11/2015 al n. 7382
Iscritta al Registro dei Soggetti Autorizzati al n. 73 Iscritta al Registro dei Prestatori di ...

The MILTECH 1000 is a series of MIL-STD media converters that connect 10/100/100 copper to fiber. Orderable options include the use of the 100 as a powered device (PD) or power source equipment (PSE), and the number and types of Ethernet and fiber connections.

Enercon Technologies Ltd is a leading designer and manufacturer of military power, PDU and rugged networking solutions for a wide variety of military applications, including avionics, UAV's, aircraft, C4ISR, electronic warfare, ground vehicles, radar arrays, missiles and anti-missile defense, surface ships, submarines and more. We offer Mil-Grade power supplies, power ...
