

Enercon worldwide Switzerland

Who is Enercon?

You have successfully submitted your enquiry. Someone from our company will respond ASAP Enercon is a renewable energy equipment company that manufactures and supplies wind energy converters (WEC). It produces components of the WECs including annular generators, inverters, cast components, rotor blades, towers and machine houses.

Where are Enercon wind turbines made?

Enercon GmbH is a wind turbine manufacturer based in Aurich, Lower Saxony, Germany. It has been the market leader in Germany since the mid-1990s. Enercon has production facilities in Germany (Aurich, Emden and Magdeburg), Brazil, India, Canada, Turkey and Portugal.

Who are Enercon sales & finance partners?

ENERCON Sales & Finance Partners support customer with equity and project financing expertise / Signing of Engagement Letter during WindEnergy Hamburg Your leading manufacturer and service provider for onshore wind turbines | We are a partner you can rely on for your wind farm projects all over the world.

What are Enercon wind turbines?

Enercon wind turbines have some special technical features compared to turbines of most other manufacturers. Characteristic is the gearless propulsion concept, which Enercon pioneered since 1993. The first generation of gearless turbines was the E-40/500 kW series. (Earlier Enercon designs had a transmission train.)

What makes Enercon a good company?

ENERCON is a pioneer of wind energy technology, a company that treats its business partners as equals and an attractive employer in a future-oriented sector all rolled into one.

Who owns Enercon?

In 2012, ENERCON founder and owner Dr. Aloys Wobben transferred all his shares in the company to the Aloys Wobben Stiftung, a trust which ensures the business remains independent and has a corporate strategy that is focussed on the future.
