

Is a solar park in French Guiana ready for green hydrogen production?

French hydrogen technologies developer HDF Energy (EPA: HDF), investment fund Meridiam and petroleum operator SARA have launched construction of a solar park with batteries and 16 MW of electrolyzers for green hydrogen production in French Guiana.

Will French Guiana reach 85% renewables by 2023?

French energy minister Ségolène Royal has signed a decree establishing an energy programme (PPE) for French Guiana, that aims to use solar, biomass and hydro to reach 85% renewables generation by 2023. The PPE for the region in South America was co-developed between France and the territorial community of French Guiana.

How does ceog fit with French Guiana's energy strategy?

The population of French Guiana is very quickly increasing. Guiana has to face a considerable energy deficit, especially in the west where the demographic growth is booming. By providing several MW of reliable and clean energy, CEOG fits with French Guiana's energy strategy.

French Guiana as a French overseas territory is heavily dependent on imported fossil fuels. It is a two-tier society where there is a large gap between the coastal and the inland areas concerning ...

The home solar system market size is expected to reach US\$ 212.81 Bn by 2030, from US\$ 67.20 Bn in 2023 BURLINGAME, CALIFORNIA, UNITED STATES, July 31, 2024 /EINPresswire / -- Market Overview: Home solar systems refer to photovoltaic panels ...
