

The territory is sometimes referred to as the French Southern Lands (French: Terres australes fran&#231;aises) or the French Southern Territories, [7] usually to emphasize non-recognition of French sovereignty over Ad&#233;lie Land as part of the Antarctic Treaty System. [5] The entire territory has no known permanently settled inhabitants. Approximately 150 (in the winter) to 310 (in the ...

Geography Compass is an authoritative and accessible geography journal publishing peer-reviewed surveys with a primary focus on human geography. With a wide scope, the journal covers cultural, economic, environmental, historical, political, social and urban aspects of geography, alongside GIS, spatial analysis, and geospatial technologies.

to compete and expand their ...

The overseas territories largely import energy that is still highly carbon-intensive (coal, fuel oil). Particularly affected by climate change, the French Overseas Territories must ...

Engie rezoning request denied. The City of San Juan Capistrano was initially introduced to the Compass Energy Storage project in March 2021 after Broad Reach Power (BRP) - now a wholly-owned subsidiary of Engie - submitted a pre-application review of the facility with the city's Development Services Department.

The line will primarily follow existing rights of way and deliver energy from renewable sources, such as solar, wind and battery installations, to Southern California's grid. Lotus Infrastructure Partners will lead the development of the project, while SCE will take ownership upon completion and regulatory approval.
