

Hammond power solutions Guam

Who is Hammond power solutions?

Someone from our company will respond ASAP Hammond Power Solutions (HPS) is a leader in the design and manufacture of custom electrical engineered magnetics, as well as a leading manufacturer of standard electrical dry-type, cast resin and oil-filled transformers.

What type of transformer does Hammond power solutions offer?

Hammond Power Solutions offers thousands of standard dry-type transformers from 25VA to 5MVA. The company's cast coil units go up to 8MVA, 33kV class. Hammond Power Solutions' liquid-filled transformers can be from 50kVA to 50MVA and up to 132kV class. Designs are cost-effective and our transformers are built with modern manufacturing techniques.

What is Hammond power solutions (HPS)?

Hammond Power Solutions (HPS) enables electrification through its broad range of dry-type transformers, power quality solutions and related magnetics.

How do I contact Hammond power solutions?

Asia Corporate Office & Plant Tel: +91-994-995-0009 Canada (Corporate Office - for Canadian & International Inquiries) Toll Free: 1-888-798-8882 Tel: (519) 822-2441 Fax: (519) 822-9701 EMEA Hammond Power Solutions SpA Tel: +49 (152) 08800468 United States (for U.S. Sales Inquiries) Toll Free: 1-866-705-4684 Tel: (608) 356-3921 Fax: (608) 355-7623

Who are the national companies of Hammond power solutions?

National Companies: PETE - Hammond Power Solutions P (Cast Coil & VPI) Hammond Power Solutions (VPI & Cast Coil) Hammond Power Solutions (VPI & Cast Coil) Delta Transformers (EVI) Hammond Power Solutions, S.p.A

How many kV can a Hammond power solution transformer be?

Hammond Power Solutions' liquid-filled transformers can be from 50kVA to 50MVA and up to 132kV class. Designs are cost-effective and our transformers are built with modern manufacturing techniques. Testing facilities in all manufacturing locations ensure product quality.

Hammond Power Solutions Inc., together with its subsidiaries, engages in the design, manufacture, and sale of various transformers in Canada, the United States, Mexico, and India. It offers custom electrical magnetics, cast resin, custom liquid filled distribution and power transformers, and standard electrical transformers to the electrical ...

We engineer and manufacture a wide range of standard and custom transformers that are exported globally in electrical equipment and systems. We support solid industries such as oil and gas, mining, steel, waste and

Hammond power solutions Guam

water treatment, ...

Bill Hammond renamed his transformer division Hammond Power Solutions, which manufactures custom and catalog transformers and related magnetics. This reorganization has enabled both companies to pursue their strategic goals independently, providing an orderly succession to the next generation of the Hammond family and an opportunity to create ...

Hammond Power Solutions (HPS) was established in 1917 and has continued to grow as the North American stand-alone leader for the design and manufacture of high quality custom electrical dry-type transformers and related engineered magnetic devices. The company is also a significant producer of standard products that are built to industry wide ...

Hammond Power Solutions (HPS) es uno de los líderes norteamericanos que fabrica transformadores de tipo seco y soluciones magnéticas relacionadas. Con más de 100 años de experiencia e innovación en la industria, HPS puede ofrecer una amplia gama de productos probados en el tiempo para transformadores estándar o diseñados bajo pedido.
