

Hitachi Energy, a global technology leader that is advancing a sustainable energy future for all, received a Health & Safety Excellence award from public utility company Companhia de Electricidade de Macau (CEM) for its commitment to environmental protection and health and safety at work.

The ultra-large sea crossing Hong Kong - Zuhai - Macao bridge, passing through Lingding bay, is the longest bridge-tunnel complex in the world. This bridge connects Hong Kong, Macao with Zuhai in Guangdong province. It is divided in 3 parts - offshore bridge, undersea tunnel and artificial islands.

The Hitachi Energy 2030 growth plan centered around the commitment to continuously invest in innovation and partnerships to serve our customers is a solid foundation to build on, and I look forward to working with Andreas and the entire Hitachi Energy leadership team as we accelerate the delivery of the Hitachi Energy growth plan.

Hitachi Energy offers the best resource for all tap-changer service requirements and covers services ranging from documentation, design engineering, the latest testing and oil processing, and providing 100% OEM grade parts and life extension kits. [Read more.](#)
