

What's new in the Isle of MAN Energy Strategy?

The document details progress made over the past 12 months, with key areas including: Clare Barber MHK, Minister for Environment, Food and Agriculture, said: 'The updated Energy Strategy reaffirms our commitment to building a sustainable, secure, and affordable energy future for people in the Isle of Man.'

Can the Isle of Man provide stabilising power to GB or ROI?

Opportunities for the Isle of Man to provide stabilising power to GB or ROI from a large-scale baseload power station, e.g. biomass or a small modular reactor? Neither option is without challenge, but likely provide the greatest potential for export. These options have not been explored in the analysis.

Will the Isle of Man be short of baseload power?

Both UK and RoI are predicted to become short of baseload power over the next decade. Opportunities for the Isle of Man to provide stabilising power to GB or ROI from a large-scale baseload power station, e.g. biomass or a small modular reactor? Neither option is without challenge, but likely provide the greatest potential for export.
