MUNICH, Germany & MILPITAS, California - June 19, 2024 - SolarEdge Technologies, Inc. ("SolarEdge") (NASDAQ: SEDG), a global leader in smart energy technology, today unveiled at Intersolar 2024 its next-generation three-phase solar inverter and dedicated home battery for the European residential market - expected to be available in the second half of 2025.

With the help of this roadmap, Spain could become a world leader in green hydrogen production. Several factors play in our favour. To be green, hydrogen needs renewable energies, and we are one of the countries that has made the greatest commitment to them. Our wealth of natural resources, such as the sun, makes us an ideal country for the production and export of this ...
