

Matrix energy ltd Angola

Does Angola need solar energy?

Angola already boasts an impressive renewable energy component in its energy matrix, primarily derived from water resources. However, we recognise the potential for solar energy to complement this matrix and provide essential energy security.

How will MCA contribute to Angola's solar generation capacity?

MCA aims to contribute significantly to the country's solar generation capacity, leveraging the expertise gained from our ongoing solar projects. This project will be closely intertwined with efficient water resource management. While Angola is rich in water resources, changing climate patterns necessitate comprehensive water management.

Does Angola need water management?

While Angola is rich in water resources, changing climate patterns necessitate comprehensive water management. Our vision extends to associating the energy supply with the water supply. This is a commitment we are already pursuing.
