WSRW has produced four reports on the energy industry in occupied Western Sahara, two on renewables and two on oil and gas. Totally Wrong (Citation 2013b) focuses on the activities of the Total oil company in occupied Western Sahara. At the time, Total was the enterprise most heavily involved in oil exploration and had conducted the most ...

Exporting to Western Sahara can be complex due to the disputed nature of the territory. Western Sahara is claimed by both the Sahrawi Arab Democratic Republic (SADR) and Morocco. However, the majority of economic activities, including exports, are currently managed by Morocco, which controls much of the territory. As a result, exporting to Western Sahara typically follows ...

6. On November 18, 2020, UN-recognized representative of the Saharawi people, the Polisario Front, declared all of Western Sahara a war zone and called on all foreign companies to immediately cease doing business in the occupied territories. Will SGRE heed this call from the people of Western Sahara? 7.
