We understand that just "being good" at what we do isn't enough; we have to go extra mile to keep our clientele happy and growing. Therefore, we will continue to invest in facilities, training, systems and technical personnel to provide added-value to our business relationships.

MEcubE3"s range of APFC panels that provides a reliable solution for elimination of penalties and cost reduction in electricity bills. Manufactured to be used in the AC power distribution system, these panels increase power while reducing the circuit loss, improving the output of the transformer in order to guarantee an economically orientated motor.
