Being an oldest solar company in Myanmar, Sun Power has been distributing solar panels since 18 years ago. By using solar energy in Myanmar, we firstly introduced residential LED lighting system in 2009 and commercial LED ...

A solar lease means you pay to lease the solar panels on your roof that cut your energy bill. The upside is you don't own the panels so you're not responsible for it, but the downside is you're not actually investing in yourself or your property. Leases are for the elderly who don't plan on ever being able to pay off a loan or buy outright.
