Solar Simplified - Do you know, more than 70% of solar project's time and money is spent in making the solar components available to the site, in other words, it is the material management which drives the efficiency and cost of the solar projects.

The objective is to address this effectively to shorten the solar project turnaround time by 25-30% and with the overall cost reduction of 3-5%, especially for roof top - commercial and industrial installations.

We provide a wide range of high-quality solar panels, inverters, and batteries, backed by expert installation and maintenance services. Harness the power of the sun and enjoy reliable, clean energy for your home or business. Discover the ...
