

Powerwall 10kwh Uruguay

I used the netzero app. I have one powerwall that's been installed since September 2021 at 12.7KWh full capacity. I also just had a powerwall installed last week and it's rated at 14.6 KWh full capacity. So 6% degradation in 2 years from rated. Seems like they are manufactured with 14.5 so it's actually more like 12.5% degradation.

Batería de 10kWh IP65 PowerWall Lifepo4 48V 200AH para el hogar. IP65 / UL 1973. La pared de alimentación de la batería BSLBatt de 10kWh es una batería doméstica para el almacenamiento de energía solar. Es confiable, inteligente y seguro, puede usarse ampliamente en sistemas fuera de la red o híbridos, ayudando a los propietarios a ...
