

Where is the solar power plant located in Benin?

The government of Benin is inaugurating the Illoulofin photovoltaic solar power plant. The facility, located in the commune of Pobè, Plateau department, has a capacity of 25 MWp. Benin is inaugurating its first large-scale solar photovoltaic power plant. The installation, located in the locality of Illoulofin, was recently commissioned.

Why did Electrifi invest in Les Soleils du Bénin?

Onide Sinsin, Les Soleils du Bénin's General Director, also shared his thoughts on the investment, saying, "This investment from Electrifi is a significant milestone for Les Soleils du Bénin. It underscores the importance of partnerships and demonstrates the shared commitment to providing clean energy access to the people of Benin."

Will EIB support Engie to deploy off-grid solar power in Benin?

The new Benin cooperation follows EIB's previous support for ENGIE to deploy off-grid solar power in Uganda. Benin is the sixth African country to benefit from the EIB's streamlined support for African off-grid energy investment, following recent backing for projects in Mozambique, Uganda, Chad, the Democratic Republic of Congo and the Comoros.

What is Les Soleils du Bénin?

Les Soleils du Bénin, a special purpose vehicle (SPV) jointly developed by GDS International and Africa Renewable Energy System & Solution ("ARESS"), in partnership with NEoT Offgrid Africa, aims to construct and operate a portfolio of 12 mini-grids in Benin.

Will Defissol help Benin reduce its energy bill?

Onigbolo power plant construction project, known as Defissol, is co-funded by the European Union (EU), French Development Agency (AFD) and the SBEE. It should allow Benin to reduce its energy bill, while enhancing the value of renewable energies.

Why did Les Soleils du Bénin invest?

This strategic investment adds substantial momentum to Les Soleils du Bénin, propelling it towards its mission of delivering clean energy to thousands of homes and businesses in the country.
