The sun powers our world, and with the right portable solar panel, it can also power your outdoor adventures or home emergency set up. I've tested dozens of models from top brands like Bluetti, Jackery, Anker, Goal Zero, EcoFlow, and BioLite, and have come away impressed with their power generation potential.

The Jackery is my loaner power station now. 50w is pretty slow charging for more modern power stations. I've added a eccoflow delta 2 & extra battery which are hooked up to 4 used residential panels permanently installed outside. Those provide most of my solar power and I can charge the Jackery off the 12v output of the eccoflow.
