

While Sterling PlanB is widely known for its durable lithium-ion energy storage, most people don't know the history of the company; the backstory as it were. We don't brag about our achievements very much but it's important to note that the founders of Sterling PlanB started the industrial energy storage industry back in 2009. Before Tesla or the myriad of other ...

SPBES (Sterling Plan B Energy Solutions) has entered into a Consortium Agreement with PCTI. This agreement is forged around the needs and requirements of the maritime hybrid and electric boat demand. PCTI's role is supporting the end client with Battery Chargers ranging in the 1-2-megawatt range. With the recently signed agreement, SPBES is ...

Vancouver, Canada - February 23, 2021 - Industrial energy storage experts, Sterling PlanB (SPBES), and technical sales, installation and service company Gebhard Electro have announced a new partnership agreement today. The partnership is aimed at expanding access to purpose-designed energy storage solutions to marine customers in the ...

Ein wesentlicher Unterschied bei Plan[B]Energy ist unser Einsatz von firmeneigenen Montageteams. Im Gegensatz zu vielen anderen Photovoltaik-Anbietern, die oft auf ein komplexes Netzwerk aus Subunternehmern setzen, schulen und bilden wir unsere Monteure selbst aus. Dies gewährleistet eine schnelle und qualitativ hochwertige Installation.

Sterling Plan B Energy Solutions (Sterling PBES) has built a high-powered lithium ion battery used to hybridize or electrify any industrial equipment, powering everything from small cities to commercial vessels. Led ...

Jens-Christian Strate is joining the energy storage solutions (ESS) provider's Copenhagen-based European operation this month, and will manage the relationships with a number of the company's key stakeholders in ...
