What is lundsby renewable solutions?

Lundsby Renewable Solutions is more than just a name. It is our promise that - together with you - we will make both ends of green transition meet and contribute to a future, where more will live in a greener way on our blue planet. A future, where we turn natural resources into sustainable energy. And this future...is right now!

Why did lundsby renewable solutions change its name?

In 2022, the name changed into Lundsby Renewable Solutions, one of the reasons being the intention of exploiting the company's international potential to the maximum. Lundsby has more than 25 years of experience with designing and building turnkey biogas plants.

Does lundsby provide a biogas plant?

Lundsby always delivers a thoroughly tested and commissioned biogas plant, as well as the associated proper training of the operating staff. We offer ongoing support, until the operating manager feels confident regarding both the technical and biological part of the biogas plant.

How can lundsby help you in the green transition?

If you wish to play an active role in the green transition by using biomass from agriculture, households, industry, etc., we help you make all ends meet and turn the idea into reality. Lundsby has more than 25 years of experience with developing and providing efficient biogas plants.

Why should you choose lundsby?

Lundsby provides a reliable plant and also helps you to commission the plant well and safely. The good cooperation with our customers and partners ensures that we keep our know-how updated, so we can always develop and optimise our solutions. To your benefit and to the benefit of your economy and the green transition.

Can biogas help Denmark run 100% on green energy?

Together with solar, wind and hydro energy, biogas can close the gap between reality and the ambitions to have Denmark run 100% on green energy. Because when the sun does not shine, when there is no wind blowing, biogas production steps in and ensures that the energy supply remains effective. WHY BIOGAS?

Lundsby deltager i European Biomethane Conference i Bruxelles, hvor vi mødes med centrale aktører for at diskutere biogas som en pragmatisk vej mod klimaneutralitet! Denne konference er vigtig for at fremme biogasens sninger i hele Europa, og den perfekte platform til at dele erfaringer, lære og udforske fremtiden for vedvarende energi.

Nordic Biogas Conference 2024 Lundsby Renewable Solutions deltager i den niende Nordic Biogas

Conference (NBC) den 22.-23. oktober 2024 i Aalborg, Danmark. Her samles nøgleaktører i biogasindustrien for at diskutere og forme fremtiden for vedvarende energi i Norden....
