

The Seplos Mason DIY Kit is a revolutionary solution designed by the Seplos team specifically for home and business energy storage projects. The kit offers complete protection for your system, ensuring safe and reliable operation. It is designed to work seamlessly with 3.2v 280Ah LiFePo4 prismatic cells and includes a Seplos 10A active balancer.

The DIY Seplos Mason Kit provides a comprehensive solution for building your own 48V battery, designed to store excess solar energy for off-grid or grid-tied applications. Choose from capacities ranging from 14.3kWh to 16kWh to meet your specific energy storage needs - opt for a Seplos bundle to save time and money when ordering your DIY kit.
