

Seychelles dcs battery

What is a DCS deep cycle lithium battery?

DCS deep cycle Lithium Batteries deliver safe lithium iron phosphate (LFP) & Titanate (LTO) energy storage solutions for a wide variety of applications.

What is a DCS battery?

DCS gives you the ability to upgrade your current batteries to lithium-ion technology that can deliver a minimum of 2000 cycles and have tremendous advantages in weight, performance, reliability and service life compared to traditional lead-acid batteries at lead acid prices.

How many cycles can a DCS battery last?

DCS gives you the ability to upgrade your current batteries to lithium-ion technology that can deliver a minimum of 2000 cycles. With tremendous advantages in weight, performance, reliability and service life compared to traditional lead-acid batteries. Backed by a 5 year unlimited cycle warranty and capacity retention guarantee.

Are DCS batteries IP rated?

DCS Batteries that are in a sealed traditional style battery case are IP rated 54 unless otherwise specified. As there is a considerable amount of electronics inside the battery cases, it is important that these batteries are protected from the ingress of particles and water.

What is a DCS 12V 180Ah auxillary only battery?

The DCS 12V 180Ah auxillary only batteries are the ideal replacement & upgrade from AGM, Gel or other lead-acid batteries for any application. DCS gives you the ability to upgrade your current batteries to lithium-ion technology that can deliver a minimum of 2000 cycles.

Where should a DCS battery be installed?

Australian /New Zealand Standards (AS/NZS 3001.2:2022) Install DCS batteries underneath a vehicle or caravan, or any other external location that is exposed to the atmosphere unless it is fully contained inside a suitable battery housing that will prevent the ingress of particles & or water.

Looking for ready solutions? Become our distributor and start selling our products under the DSC brand--or your own. Our product range includes LiFePO₄ batteries and battery modules, hybrid and off-grid inverters and compact energy storage systems for residential and commercial use.
