Will teralight build a solar park in Israel?

In April 2023, it was announced that energy company Teralight would be building one of Israel's largest solar parks, the Ta'anach PV project, in the Jezreel Valley, northern Israel. Ta'anakh solar will have 250 MW of installed capacity and 550 MWh of solar-plus-storage.

Should Israel build solar energy plants in the Negev desert?

The Negev Desert and the surrounding area, including the Arava Valley, are the sunniest parts of Israel, and little of this land is arable, which is why it has become the center of the Israeli solar industry. David Faiman thinks the energy needs of Israel's future could be met by building solar energy plants in the Negev.
