

The project Sint Maarten is part of the Windward islands, which lie in the hurricane belt of the Caribbean. An important requirement for Budget Marine was that their new grid-tied solar project was hurricane proof. This was done by attaching the PV panels via adding an extra number of specially designed profiles on the industrial [...]

Oskomera Solar Power Solutions bouwt op dit moment een vrij veld installatie van elf megawatt op het Engelse North Norfolk Business Centre in opdracht van Hazel Capital. Trina Solar heeft voor dit project meer dan drieënhalfveertigduizend modules geleverd. Men is begonnen met dit project in augustus 2013 en de installatie zal naar verwachting eind ...

Sint Maarten, a constituent country of the Netherlands, is located in the southern part of the Caribbean island shared with Saint Martin, a French overseas collectivity. The geography is hilly and small, covering just 34 square kilometres, which could present certain challenges for extensive infrastructure development. The population of approximately 42,000 people is ...
