ZESA's smart meter rollout programme is a step in the right direction towards addressing Zimbabwe's power challenges. Smart meters have many advantages over traditional meters and can help power companies and customers to manage their energy usage more effectively. However, smart meters alone are not going to solve the power issues we face.

The ads suggest Smart Electric Saver will protect your expensive electronics like TVs and computers from power surges and electrical damage. The truth: At best, Smart Electric Saver contains a very basic surge protector. But most homes already have much more sophisticated surge protectors, backups, and other devices to protect from electrical spikes.
