What is Lightsource BP's Solar Project in Trinidad and Tobago?

The proposal involves a consortium of Lightsource bp, bp and Shell working together to develop a solar installation that will have an output power capacity of 92MW (Megawatts) in Trinidad and Tobago. Watch a summary of activity from our worldwide solar development projects in 2023, as we work towards achieving our target of 25GW by 2025.

Can Lightsource BP accelerate the energy transition in Trinidad & Tobago?

With the experience of bp and Shell, as major operators in Trinidad and Tobago's energy industry, combined with Lightsource bp's global solar expertise, the group represents the huge potential to accelerate the energy transition through collaboration.

Is Trinidad ready for more solar power?

Every person involved in the process has certified solar installation training. Didn't know that was a thing in Trinidad, right? We're definitely ready for more solar power to make a better, more eco-friendly and sustainable world for us all. We understand that solar power is a bit more expensive than other power systems.

Brechin Castle Solar Project (Proyecto Solar Brechin Castle) is a solar photovoltaic (PV) farm under construction in Esperanza, Trinidad and Tobago.. Project Details Table 1: Phase-level project details for Brechin Castle Solar Project

Brief on Renewable Energy and Energy Efficiency. The Government of Trinidad and Tobago is currently developing a national energy policy green paper that recognises renewable energy's (RE) combined with energy efficiency (EE) and utilisation of compressed natural gas in the transportation sector, inter-alia, as important strategies for the promotion of sustainable ...

Contact Solar Energy Caribbean for expert solar and EV charging solutions in Trinidad & Tobago T& T. Whether you need solar panel installation, battery storage, or EV chargers for Residential, Commercial, or Agricultural properties, our professional team is here to help. Reach out today to get a free quote and discover how our sustainable energy solutions can reduce your energy ...

The scheme is said to be Trinidad and Tobago's first commercial-scale renewable energy project. It consists of the 92-MW AC/122-MWp Brechin Castle site and the 20-MW AC/26-MWp Orange Grove site, with ...

The Government of Trinidad and Tobago has formally declared that renewable energy implementation is set to be a major priority in the effort to diversify the energy mix of the twin island republic ...

We offer the widest range of solar powered products right here in Trinidad and Tobago. From solar generators
