Solar Circle is a non-profit organization that promotes access to solar power in rural Tanzania, East Africa. Tanzania ranks among the twenty poorest nations in the world, with many having an annual income of less than \$500. As a result, the people have little disposable income, limiting access to electricity.

This solar-as-a-service model reduces both the cost and the risk for low-income home owners to adopt solar energy and, as a result, demand exploded. Between 2013 and 2014, the number of homes receiving electricity from Off-Grid:Electric increased from 1,000 to nearly 30,000.
