At Panta, we use top-of-the-market solar panels that are extremely efficient and require minimal roof space. We opt for Huasun solar panels and Sungrow inverters. Both companies are renowned worldwide as the leading manufacturers of products for electricity generation from solar energy. We have found that the combination of Huasun and Sungrow ...

San Marino -- a small but progressive republic -- has achieved an impressive milestone in its renewable energy journey. Over the past 15 years, the country has installed more than 4,200 private solar systems.. This remarkable achievement places San Marino among the global leaders in solar power production, with 450 watts of energy produced per capita.

Unfortunately, solar panels are still incredibly expensive for the average homeowner, even though they're more financially affordable now than ever. For solar panels to be viable, those seeking to install them need financing options and incentives. Without these, homeowners cannot pay the average \$16,000 cost of a moderate solar panel ...
