Minister's Message ... to attract investments in factories to manufacture solar panels and other parts for the solar PV industry. These are expected to create high-paying, green jobs for our citizens. ... St. Kitts Tel: 1 (869) 467 - 1449 ...

Most power on both islands is generated by diesel generators (95%) with 3.9% of wind and only 1.77% of solar. There are high power losses of 20% on Nevis and 17% on St Kitts suggesting maintenance problems. St Kitts has installed capacity of 43 mW and Nevis 13.4 mW but government has plans for a further 70 mW.

The solar PV will supply St. Kitts with 30 - 35% of the annual electricity demand utilising sustainable, solar energy with zero emissions. The solar and storage system will replace over 4,000,000 gallons of diesel per year.

The Honorable Ian Patches Liburd, St. Kitts and Nevis Minister of Public Infrastructure, Post, Urban Development and Transport, said: "We are set to embark on this vital solar+storage project as a key part of our renewable energy thrust that is critical to the future development of our country."The 35.6 MW solar energy plant and 44.2 MWh ...
