The Sonnen Hybrid system cannot function as a backup power supply or UPS without additional components. To enable backup power in the event of a blackout, an external Backup box needs to be installed. The backup box, which looks like a tiny version of the battery system, isolates the house from the grid if it detects any issues with the electricity supply and ...

The sonnenBatterie Evo is our first outdoor home battery solution developed specifically for Australia and New Zealand. It is a fully integrated AC coupled solar power battery storage that has an IP56 outdoor rating. Our solar battery can ...
