

South Sudan opsun systems inc

Contact us to learn how you can become an Opsun distributor, so you can add our custom racking and bifacial solutions to your list of available hardware. 8975, Henri-Bourassa West boulevard Saint-Laurent, Quebec

Our engineers use only the safest methods of calculation, to assure maximum solidity and durability of the structures. We have proprietary, recent wind tunnel tests with Western University, and we design using the latest Building Codes (ASCE-7-16, NBCC 2016, IBC 2018), as well as SEAOC PV2 notions of array size versus roof size to account for extraordinary vortices.

L'expertise d'Opsun avec les panneaux solaires bifaciaux (tels les toits commerciaux plats, les abris d'auto commerciaux et les systèmes au sol) et les projets qui requièrent une ingénierie avancée (comme les toits ayant peu ou pas de capacité portante, les auvent surélevés au-dessus des toits, ou les structures architecturales) fait d ...
