

St Vincent and Grenadines Ig electronics energy storage system

St Vincent and the Grenadines and St. Vincent Electricity Services Limited (VINLEC), the national utility, have a long history of utilizing renewable energy for electricity generation. Hydropower has been a part of the generation mix since the early 1950s, and in the late 1980s it represented half of the electricity produced by the utility.

LG Energy Solution's exhibition stand at RE+ 2024. The company was among those that brought a full-size replica of its BESS container solution to the event. Image: Andy Colthorpe / Solar Media. LG Energy ...
