

Su vastika Costa Rica

Why should you choose Su-Vastika?

Because of its strong R&D and the experience of its able Mentor, Su-vastika understands the power backup needs of its customers across industries. Most importantly, it's our Patent Technology as well. Su-vastika's systems come with bi-directional technology which provides cleaner and more stable power output compared to traditional inverters.

Is Su-Vastika a good inverter brand?

That is because Su-vastika is an offspring of Su-kam, the widely used, highly reputed and exceedingly reliable inverter brand that popularised inverters in India and, of course, Nigeria. Now, the same bright minds that developed the Su-Kam inverter and inverter battery products innovated into the inverter brand Su-vastika.

What makes a Su-Vastika ESS so special?

The core of an ESS is a long-lasting, lithium-powered battery. Su-vastika's ESS leverages these advanced batteries to deliver uninterrupted power with faster charging and improved efficiency. The system also features Pure Sinewave technology.

The cost of charging Tubular Vs Lithium battery: The Lithium battery is charged in two steps and once charged, doesn't need trickle charging. The Lithium Lead Acid battery will be charged in 4 to 6 stages, which consumes more power. Lastly, trickle charging maintains the tubular battery's gravity intact, and the tubular battery's self-discharge is much higher than that ...
