

# Sunpal energy co ltd Cyprus

What are sunpal products used for?

Sunpal's products are widely used in solar power plants, home photovoltaic systems, solar energy charging systems, home refrigeration, and lighting systems. Sunpal's products have been awarded TUV, CE, CEC, UL, SASO, CB certificates. Sunpal has introduced advanced automatic production equipment from Germany, Italy, Japan, and so on.

How many solar modules can sunpal produce?

Over 2GW of capacity, Sunpal can produce 10Wp to 600Wp solar modules based on full automatic production line. Our product range covers AGM batteries 2V/6V/12V, Deep Cycle GEL, Front Access, OPzS & OPzV as tubular batteries. Sunpal set up new factory to produce lithium products for residential, commercial and utility scale.

Why should you choose sunpal electric?

As the world's leading provider of smart solar solutions, Sunpal Electric delivers PV products, applications and services to promote global sustainable development. Through constant innovation, we continue to push the PV industry forward by creating greater grid parity of PV power and popularizing renewable energy.

Why should you choose sunpal solar?

By combining proven experience with a relentless pursuit of innovation, Sunpal is shaping a sustainable future powered by clean energy solutions. Get to know SUNPAL Solar's history, development, technology & innovation, and future vision. Have confidence in buying solar panels from our site.

Why is sunpal a good company?

Sunpal upholds its belief that innovation is the key driver behind advancement by pursuing new technologies and higher efficiencies. Sunpal is accredited as Batch I Smart Manufacturing Plant by Jiangsu Government, the Witness Laboratory Accreditation Certificate (WMTC) by CSA/DEKRA and CTF Laboratory Certificate by TUV SUD.

What certifications does sunpal have?

We are proud of our product quality and their reliable performance even in the most extreme conditions. Sunpal has received certifications for Quality Management System (ISO 9001:2015), Environment Management System (ISO 14001:2015) and Occupational Health and Safety Management System (ISO 45001:2018) from both DNV GL and GZCC.
