

U S Outlying Islands solar board price

In 2022, the average price of electricity paid by U.S. Virgin Island residents was almost three times higher than the U.S. average, at 41 cents per kWh.* Add a Battery. Power your most needed lights and appliances during a power outage.

For the U.S. standard, West Texas Intermediate, the price was \$116. For islands such as Hawaii and Puerto Rico these numbers are even more of a problem than on the mainland. Plainly put, oil is easier to transport and ...
