

Vertical carousel storage system San Marino

Who makes a vertical storage carousel?

Our Vertical Storage Carousel manufacturers, Hänel Storage Systems and Vidor Storage Solutions, are the top names in the industry and their vertical carousels can be designed to meet the unique storage requirements of virtually any business.

How can a vertical carousel storage system improve picking productivity?

If you're looking for a way to optimize your parts storage, save space, and improve picking productivity, a vertical carousel storage system can help. The vertical carousel utilizes overhead vertical space to store more parts in a compact footprint, and its ergonomic design helps pickers work quickly and efficiently.

Why should you use a vertical carousel?

Enhanced Security: Equipped with access control features, vertical carousels help secure valuable items from unauthorized access. **Reduced Labor Costs:** By automating the retrieval process and streamlining workflows, vertical carousels can lead to reduced labor costs.
