Who are the key players in the solar energy industry in Vietnam?

The Vietnam solar energy sector is moderately dispersed with a number of key players operating within the market. These firms range from local enterprises to multinational corporations, all contributing to the growth and development of the solar energy industry in the country.

Who is Vietnam green energy technology?

Established in 2017, Vietnam Green Energy Technology Co., Ltd. is a company that specializes in processing and manufacturing solar panels. The company's factory is over 20,000 m<sup>2</sup> in Tien Son Industrial Zone, Bac Ninh Province, Vietnam.

Where are allesun solar panels made?

The company has its headquarters in San Jose, U.S.A., but it also owns two marketing or sales companies in Canada and the U.S.A. and two manufacturers in Vietnam and India. Allesun's PV modules are manufactured with the supervision of the ISO90001 standard. As a result, they have obtained TUV/Intertek (IEC CE) and CSA (UL) certificates.

Do solar panels have a warranty?

Whether it is the solar cell, EVA or even the glass, you can rest assured that all components undergo strict indoor testing from the best suppliers and high level TUV certificates. Not to mention, all solar panels are guaranteed up to 15 years of workmanship warranty to boot.
